Dear Mr. Nalipinski:

I have reviewed eight Federal P.A.'s received in a packet dated April 13, 1987, and I offer my comments below. I felt that it was important to review these P.A.'s to gain more experience in reviewing and to broaden my knowledge for when I will be writing my own.

1. Hubbard-Hall Chemical, Inc., Waterbury
2. Grodel Manufacturing, Inc., Waterbury
3. Carbide Mold, Cheshire
4. Thomaston Avenue Dump (a.k.a. Complaint #184), Waterbury
5. Krodel Foundry, Waterbury
6. Bristol Babcock Company, Waterbury
7. Northeast Utilities, Waterbury

I have no comments on the texts, and I agree with the priorities for Site Inspection.

8. Waterbury Plating Company, Waterbury

Site Sketch-- Include the former disposal pit and the well on the site sketch.
